## 2017 Congressional Voting Record

### THE 115TH CONGRESS, 2ND SESSION: PARTISANSHIP REIGNS IN TRUMP ERA

While an increasingly divided Congress had already been prevalent in recent years, the election of Donald Trump and the divisiveness that's made its way to Congress has only increased.

As we examined 20 key votes in each chamber, there was a record number of Members of Congress receiving a zero score on last year's scorecard and a similar number received a zero this year as well.

With Republicans in charge of both the White House and Congress, there wasn't much discussion about how to build bipartisan support of legislation -- especially with Trump and the GOP leadership trying to avoid giving Democrats anything remotely resembling a victory. Instead, their goal was to draft legislation that would satisfy enough members of the Republican Party to ensure the bill made it through both chambers of Congress.

Although the GOP has control of Congress and has veered sharply to the right, they aren't alone in maintaining tight control over their caucus. The Democratic leadership has also encouraged its members

to largely vote in lockstep with the party. As a result, it's required an in depth examination of votes to discover which pieces of legislation provided an example of ideological instead of partisan divide as well as a cause ADA had a clear stance on.

Thank you for your interest in the ADA's examination of crucial

votes in Congress. As we move forward, we once again are focused on resisting the extremist agenda promoted by President Trump and the right wing both on the national and the local level. That's why we have organizers on the ground working hard to build up a grassroots resistance.

These efforts will be even more crucial as the Republican leadership in the Senate has made it clear they won't even consider reasonable legislation passed by the House of Representatives in 2018. ADA will therefore remain extremely focused on not only ensuring we promote a progressive agenda in the lead up to the 2020 Presidential election, but also recruit liberal candidates and activists to specifically help ensure Mitch McConnell is no longer the majority leader in the Senate.

## HOUSE VOTE DESCRIPTIONS

HOUSE VOTING RECORD  
115th Congress, 1st Session (2017)

1. Roll Call No. 299. Passage of HR 10, Financial Choice Act. Eliminates some of the most important aspects of Dodd-Frank, guts the Consumer Financial Protection Bureau, depriving it of independent financing, helping large banks at the expense of consumers, investors and small business, allowing shoddy financial actors to use unfair, abusive and deceptive acts, excessive risk-taking, jeopardizing the economy in ways that caused the 2008 financial crisis, unemployment and foreclosures. Passed 233-186, June 8, 2017. a nay vote is a +.

2. Roll Call No. 680. Passage of HR 1638. Iranian Leadership Asset Transparency Act. Requires the Treasury Secretary to report on assets under director indirect control of certain Iranians, regardless of whether they are subject to sanctions, diverting Treasury resources from monitoring those subject to sanctions. Since the report would be classified, the bill serves no useful purpose to help Iranians combat corruption. The real purpose is to stop legitimate business with Iran, undermining the nuclear deal. Passed 289-135, Dec. 13, 2017. A nay vote is a +.

3. Roll Call No. 244. Passage of HR 1180, the Working Families Flexibility Act of 2017. Falsely claiming to be "pro-family," the bill amends the FLSA to allow employers to provide comp time in lieu of overtime, at employer discretion, not when workers need the comp time. Passed 229-197, a nay vote is a +.

4. Roll Call No. 358, Passage of Pramila (D-WA) amendment

to HR 2810, National Defense Authorization Act. The amendment would register the sense of Congress to require increase of non-defense spending for any increase in the combined budgets of the National Defense and Overseas Contingency Operations. Failed 179-245, July 13, 2017. A yea vote is a +.

5. Roll Call No. 391. Passage of HR 806, Ozone Standards Implementation Act of 2017. Strikes at the heart of the Clean Air Act causing irreparable harm to public health and the environment by delaying up to 8 years EPA rules to improve National Ambient Air Quality Standards based on science, changing the standard by assessing technology for implementation. Passed 229-199, July 18, 2017. A nay vote is a +.

6. Roll Call No. 398. Passage of HR 2883, Promoting Cross-Border Energy Infrastructure. Weakens the process for approving oil and natural gas pipelines and electric transmission lines that cross borders with Canada and Mexico, exempting them from environmental and safety reviews and limiting input of affected communities. Passed 254-175, July 19, 2017. A nay vote is a +.

7. Roll Call No. 46. Green (D-TX) amendment to HR 78, the SEC Regulatory Accountability Act. The amendment would require the SEC to identify, analyze and address possible conflicts of interest related to its rule making. Failed 192-233, Jan. 12, 2017, a yea vote is a +.

8. Roll Call No. 549. Passage of HR 36, Pain-Capable Unborn Child Protection Act. Would criminalize performing abortions

after 20 weeks except to save the mother's life, rape or incest. Passed 237-189, Oct. 3, 2017. A nay vote is a +.

9. Roll Call No. 663. Passage of HR 38, Concealed-Carry Reciprocity Act of 2017. The bill eviscerates state efforts to increase gun safety, forcing them recognize other states' laws permitting concealed-carry of guns in public. Passed 231-198, Dec. 6, 2017. A nay vote is a +.

10. Roll Call No. 148. Passage of HR 985. Fairness in Class Action Litigation and Further Asbestos Claim Transparency Act of 2017. The bill limits class action suits, tilting the civil justice system to favor corporations, denying consumer access to justice. Passed 220-201, March 9, 2017. a nay vote is a +.

11. Roll Call No. 265. Passage of HR 115, Thin Blue Line Act. Without public hearings the bill would expand the specific list of aggravating factors in federal death penalty cases that target law enforcement officers and first responders, duplicating existing state and federal laws, but making almost all murders eligible for the death penalty, without addressing racial disparities, lack of qualified counsel resources and faulty forensic science that were addressed in defeated amendments, thus constitutionally problematic. Passed 271-143, May 18, 2017. A nay vote is a +.

12. Roll Call No. 543. Passage of HR 2792, Control of Unlawful Fugitive Felons Act of 2017. A bill adopted without hearings deprives some old and disabled people of SSI and magnifies racial, ethnic and socioeconomic inequities in the criminal justice system

**This voting record is offered only as a guide** in judging the legislative performance of Members of Congress, and has several inherent limitations. It does not measure a legislator's work in committees. It does not reflect the failure of Congress to deal with major issues, or the individual's degree of responsibility. Nor does it reflect a legislator's lifetime of work.

The methodology of the ADA Voting Record calls for Members who miss a vote, for whatever reason, to be penalized in their final score. Therefore, a Member who agreed with ADA's position on 19 votes but was absent on the 20th would receive a score of 95%.
